 1600 Lucas Place } October 1887

The Director of the Mint
 Philad^a

Dear Sir.

Do you know of any sort
 of varnish, gloss, or coating which can
 be put on coins and medals to prevent
 their tarnishing—

Our atmosphere is so hard
 on metal surfaces that the few objects of
 the sort we have are kept wrapped tight
 and not exposed

Respectfully
 The Meipouri Historical Socy

Inquirer as to varnish,
gloss, or coating which
can be put on medals
& coins to prevent tarnish-
ing.

NARA RG104, Entry 1, Box 148

[Abstract:] Inquires as to varnish gloss, or coating which can be put on medals & coins to prevent tarnishing.

Missouri Historical Society
1600 Lucas Place
St. Louis, Mo
October 1887

The Director of the Mint
Philada.

Dear Sir,

Do you know of any sort of varnish, gloss, or coating which can be put on coins and medals to prevent their tarnishing.

Our atmosphere is so hard on metal surfaces that the few objects of the sort we have are kept wrapped tight and not exposed.

Respectfully,
The Missouri Historical Society

Oscar W. Callel
